

TRANSPORTATION:

Don't worry, we'll get there. The venue will need to be open at least 2 hours in advance of the performance to allow time for sound setup.

GREEN ROOM:

Pretty much anything will do, but water, chips, RC Colas and Moon Pies are highly acceptable.

STAGE:

We'll need a single 110V electrical receptacle (with ground) and enough space for the group to setup mics and the sound equipment.

EQUIPMENT:

The band will provide all necessary sound equipment for the show unless other arrangements are made with the venue in advance.
